WHAT IS IFFO?

IFFO is a platform established in July 2016 by the Hong Kong Monetary Authority (HKMA) to facilitate infrastructure investments and their financing.

Hong Kong is an international financial centre with well-developed capital markets. The opening up of Mainland China is accelerating and Hong Kong has seized the opportunity to develop into the largest centre for offshore renminbi (RMB) business. Hong Kong is also the springboard for many Chinese companies expanding overseas, and similarly, an attractive destination for overseas corporations wanting to gain a foothold in the Mainland market. In recent years, a growing number of these companies have been looking into investments in infrastructure and related projects. This has been given further impetus by the Belt and Road Initiative, a strategy by the Chinese Government to promote connectivity and long-term development in the region spanning Asia, Africa and Europe. For these reasons, Hong Kong is uniquely positioned to facilitate infrastructure investments and their financing.

By establishing IFFO, the HKMA can play a valuable role as a catalyst in this development with its mandate to promote Hong Kong as an international financial centre. Another advantage is the HKMA's strong relationship with major players in infrastructure investment and their financing, whose engagement and support is crucial to achieving success.

何謂 IFFO?

IFFO是香港金融管理局(金管局)於2016年7月成立的平台，以促進基建投資及其融資。

香港作為國際金融中心，具備發展成熟的資本市場。隨著中國內地加快開放步伐，香港已把握機會發展為全球最大的離岸人民幣業務中心。此外，香港既是眾多內地企業擴充海外業務的跳板，亦是跨國公司進軍內地市場的熱門據點。近年這些公司當中有不少對投資基建及相關項目有興趣。中國內地政府推出「一帶一路」倡議，旨在促進亞洲、非洲以至歐洲地區的互聯互通及長期發展，而這亦帶動相關投資的興趣。基於上述原因，香港在促進基建投資及其融資上獨具優勢。

金管局肩負促進香港國際金融中心地位的職能，由我們牽頭成立IFFO，將可在這方面發揮重要作用。另一有利條件是金管局與基建投融资主要參與者已建立密切聯繫，後者的參與和支持是取得成功的關鍵。

MISSION

The mission of IFFO is to facilitate investments and financing of sustainable infrastructure and green development by working together with a cluster of key stakeholders through:

- providing a platform for information exchange and experience sharing;
- building capacity and knowledge;
- promoting market and product development; and
- facilitating investment and financing flows.

In May 2019, the HKMA announced the setup of the Centre for Green Finance (CGF) under IFFO. The objectives are to promote both Hong Kong as the hub for green finance in Asia and the importance of sustainability within infrastructure investment and financing.

使命

IFFO的使命是透過匯聚主要持份者，共同促進可持續基建和綠色發展的投資及融資。IFFO的職能是：

- 提供一個資訊交流和經驗分享的平台；
- 提升技能和知識；
- 推廣市場及產品發展；及
- 促進投資及融資活動。

2019年5月，金管局宣佈在IFFO下設立綠色金融中心（CGF）。目標是提升香港作為亞洲綠色金融中心的地位，以及可持續發展在基建投資和融資中的重要性。

HOW DOES IFFO OPERATE?

IFFO seeks to facilitate investments and financing of sustainable infrastructure and green development through building and working with a cluster of key stakeholders who are invited to become partners. To date, over 90 organisations from Mainland China, Hong Kong and overseas have joined as Partners. They include multilateral financial agencies and development banks, public sector investors, private sector investors/asset managers, banks, insurance companies, project developers and operators, professional service firms and international business council.

IFFO maintains a website to promote its work. As a neutral platform, it is well positioned to advance capacity building including sharing of information, experience and best practices. IFFO will organise conferences, seminars and workshops to enhance knowledge on investments and financing of sustainable infrastructure and green development.

IFFO will collaborate with its Partners on product and market development, such as promoting the advantages of Hong Kong as an international financial centre for sustainable infrastructure and green development. Through its work, IFFO will identify any impediments to attracting investments and financing and where appropriate, recommend ways to address these issues to help make relevant projects more feasible.

IFFO is not an investor, instead it will put in place a platform for interested Partners to collaborate in identifying investments and financing opportunities. In this role, it will have a demonstration effect which should in turn attract more capital into this field of investment and financing.

IFFO 如何運作?

IFFO透過邀請不同的機構為合作夥伴，匯聚主要持份者共同合作，從而促進可持續基建和綠色發展的投資及融資。迄今共有超過90間來自中國內地、香港及海外的機構已加入成為合作夥伴，當中包括多邊金融機構及發展銀行、公營機構投資者、私營機構投資者/資產管理公司、銀行、保險公司、基建項目發展及營運機構、專業服務公司及國際貿易協會。

IFFO設有網站介紹及推廣有關工作。作為中立平台，IFFO可利用本身優勢推動技能提升，包括分享資訊、經驗及最佳參考規範。IFFO將舉辦會議，研討會及工作坊，提高對可持續基建和綠色發展投資及融資的認識。

IFFO將與夥伴合作發展產品及市場，例如推廣香港作為推動可持續基建和綠色發展的國際金融中心的優勢。透過這項工作，IFFO將可辨識有可能妨礙吸引投資及融資的因素，並在適當情況下就如何處理有關事項提出建議，從而增加相關項目的可行性。

IFFO本身並非投資者；而是提供平台，讓有興趣的夥伴合作聯繫，物色投資及融資機會。在這方面，IFFO將可發揮示範作用，進而吸引更多資金參與這個領域的投融資。
